HOW TO DOWNLOAD E-BOOKS TO YOUR COMPUTER OR PERSONAL DEVICE
1. CREATE A MY EBSCOhost ACCOUNT

• You must have a MY EBSCOhost account to download e-books.

• Go to the “Sign in” area on any EBSCOhost page to create an account.
2. **Download Adobe Digital Editions**

- Adobe Digital Editions is a free program EBSCO uses to manage e-Book content.
3. Authorize Adobe Digital Editions

• After you download the program, you must agree to the terms and conditions and create an Adobe ID to authorize it to run on your computer or device.

• Open Adobe Digital Editions on your computer or device, follow the instructions, then go to this address when it asks you for a username and password: https://www.adobe.com/cfusion/membership/index.cfm?nf=1&nl=1&loc=en_us
4. Find the item you want to download

- Do not use your browser’s back button. Relocate the item in EBSCO to ensure that you stay signed into My EBSCOhost.

- On the item page, click **Download This eBook (Offline)**.
5. Choose Checkout period and begin reading

- Select a Checkout period from the drop-down menu that appears after you click the “download” link.
- The item should begin downloading automatically to Adobe Digital Editions.
